

Sachin Pandey

Senior System Administrator — Cloud, Security & Automation

Nepal | +977 9860234601 | sachinn.pandeyy@gmail.com | linkedin.com/in/sachinn-pandeyy

PROFESSIONAL SUMMARY

Senior System Administrator with 8+ years owning and operating enterprise IT infrastructure across cloud, virtualization, security, and automation. Currently the sole administrator for a technology company, accountable for system availability, security posture, compliance, and scalability. Led the implementation of six ISO management systems as a single integrated programme — covering quality, environment, information security, cloud security, cloud privacy, and AI governance. Experienced with international standards, distributed teams, and enterprise-grade environments.

ISO MANAGEMENT SYSTEMS IMPLEMENTED

Delivered as one integrated management system at Intuji: risk assessment and treatment, control selection, documented policy set, internal audit, management review, and company-wide training.

- ISO 9001:2015** Quality Management System
- ISO/IEC 27001:2022** ISMS — Lead Implementer
- ISO/IEC 27018:2019** PII Protection in Public Clouds
- ISO 14001:2015** Environmental Management System
- ISO/IEC 27017:2015** Cloud Services Security Controls
- ISO/IEC 42001:2023** AI Management System

CORE COMPETENCIES

- Enterprise system administration & operations
 - Cloud infrastructure & IAM (GCP, AWS, Azure)
 - Proxmox virtualization & capacity planning
 - Backup, restoration & disaster recovery engineering
- Security architecture & ISO compliance programmes
 - Infrastructure automation & scripting
 - Network architecture, firewalls & VoIP
 - IT asset lifecycle & platform administration

TECHNICAL SKILLS

System Administration	Infrastructure ownership, patching, monitoring, access control, change management
Cloud & Virtualization	Google Cloud (Compute, Networking, Storage, IAM), AWS, Azure, Proxmox VE, VM lifecycle management
Operating Systems	Linux (Ubuntu, Debian, CentOS), Windows Server, Windows 10/11
Backup & Recovery	Backup architecture design, encrypted backups, snapshot strategy, restoration testing, disaster recovery planning
Security & Compliance	ISO 27001:2022 (Lead Implementer), ISMS operation, risk assessment, vulnerability mitigation, internal audit
Networking	LAN/WAN architecture, routing & switching, VPNs, firewall policy design, VoIP
Identity & Access	Google Workspace Admin, Active Directory, Entra ID, RBAC
Automation & Scripting	Advanced Bash, Python automation, Make.com, Zapier, cron scheduling
Monitoring & Reporting	System health monitoring, backup verification, incident response, Power BI dashboards

PROFESSIONAL EXPERIENCE

Intuji Pvt. Ltd.

Aug 2023 — Present

Senior IT Executive / System Administrator

- Sole owner of IT infrastructure, security operations, and platform administration.
- Led implementation of all six ISO management systems — 9001, 14001, 27001, 27017, 27018 and 42001 — as one integrated programme, through internal audit and management review.
- Ran company-wide security awareness training and maintained the full policy set.
- Designed and operated Proxmox virtualization hosting business-critical systems.
- Architected secure backup, restoration, and disaster recovery processes with tested restores.
- Automated recurring workflows, reducing manual operations and operational cost.
- Built a centralised IT asset lifecycle management system.

Foodmandu Pvt. Ltd.

Feb 2022 — Aug 2023

Senior IT Officer

- Managed Windows and Linux server estates in cloud environments.
- Designed and maintained enterprise network infrastructure across sites.
- Optimised VoIP platforms for reliability and cost efficiency.
- Implemented IT asset tracking using AppSheet, replacing manual spreadsheets.

Goldstar Shoes

Jun 2020 — Jan 2022

IT Officer

- Administered Sophos and Cisco-based enterprise networks.
- Implemented ERP and SaaS platforms, including migration and user onboarding.
- Developed Power BI dashboards for executive reporting.
- Maintained on-premise server infrastructure.

TOOLS & PLATFORMS

Google Cloud Platform · Proxmox VE · Google Workspace Admin · Active Directory · Sophos Firewall · Cisco Networking · Bash · Python · Make.com · Zapier · Power BI · AppSheet · ClickUp · Slack · VoIP Platforms · Linux CLI · Windows Admin Utilities

EDUCATION

BSc in Computer Science and Information Technology

2018

Kathmandu Bernhardt College — Tribhuvan University
